# WHICH HARDWOOD FLOOR SOLUTION IS RIGHT FOR YOU?

We use the Dirt Dragon™ Floor Prep and Cleaning Machine and Basic® Coatings' commercial grade cleaners to successfully eliminate dirt, dust, oil, and other contaminants that weaken hardwood floors and can lead to costly repairs. Basic® Coatings' Intensive Cleaning Process doesn't just clean the surface like most systems and products; it extracts hidden dirt deep within the boards of hardwood floors. Improve your indoor air quality and circulation plus rejuvenate hardwood floors with the professional hardwood floor maintenance procedures that we provide.
